

..... BREAK THROUGH TECHNOLOGY!

# GT5005Di

## DIESEL INVERTER GENERATOR

- Output 5500W (Max.), 5000W (Rated)
- Digital Engine Controller matches engine speed with power output load
- Pure Sine Wave Inverter Power output suitable for electronic tools and appliances
- Easy and accessible maintenance points
- Compact, efficient and robust single cylinder diesel engine
- Strong roll cage frame for easy transportation and protection
- Hour meter and LCD Display of generator parameters
- Electric Start for quick and convenient power
- 1x 32A, 1x 15A 230V 50Hz

...for safe powering of sensitive electronics!
